

About Us

From intimate garden settings to broad property management, Fort Hill Estates Landscape and Design will create a top-quality landscape for your needs. We design and build landscapes to blend with your architecture and personal taste. Fort Hill Estates, Inc. has been honored with various awards at the state and local level including the NYS Nursery and Landscape Association Grand Award for environmental beautification.

Personal care and attention to detail result in lasting beauty. We specialize in creating design solutions for the most challenging areas. From getting the most out of a tight space, to creating a useable area carved into a steep wooded slope. We have the vision and experience to solve your landscape and construction needs- down to the smallest detail.

Our team of professionals have worked together for years, resulting in seamless continuity and effortless scheduling. From initial planning and site preparation, to masonry, irrigation and planting, you can feel confident that your project will flow smoothly.

Careful planning combined with meticulous execution make the difference. We take great pride in our Landscape plans and consider them the best in the industry. From estate master plans to small garden projects, every job is handled with the same personal care and attention to detail. With years of experience, our staff is capable of transforming your dreams into reality.
